### REQUESTING ARTICLES FROM THE LIBRARY

If a publication is not available in the Library or on the web, Library staff can order virtually any book or journal you need for your work.

One of the best ways to request publications is to send an email to [library@uthct.edu](mailto:library@uthct.edu), specifying the title, author(s), page number(s), volume, issue, and year if you have that information. Providing the PMID number that appears below each PubMed reference speeds up the ordering process. (Ovid MEDLINE also provides the PMID number.)

Most articles are transferred electronically, but a few are still mailed. Rush requests can be handled if you provide a deadline at the time you request the article(s). Books are usually sent to us at the library mail rate and can take several days to arrive.
